

MURUGAJOTHI N

Aspiring Data Analyst

+7708497978 | murugusubhiksha8380@gmail.com | Hosur, Tamil Nadu | LinkedIn | GitHub

SUMMARY

AI Data Analyst skilled in Excel, Power BI, SQL, and Python with hands-on experience in data cleaning, analysis, and dashboard development. Seeking opportunities in Data Analytics.

CERTIFICATIONS

AI Data Analytics Certification | April 2026 - September 2026

- Executed SQL queries to extract, join, and analyze structured datasets from relational databases.
- Performed data cleaning and preprocessing to ensure data quality and consistency.
- Developed interactive dashboards and visual reports using industry-standard visualization tools.
- Analyzed real-world case studies to generate insights and support data-driven recommendations.

SKILLS

Database: SQL (Aggregations, Data Extraction, Joins)

Programming: Python, Pandas, NumPy

Data Visualization: Power BI (Dashboard Development)

Spreadsheets: Excel, Google Sheets (Data Cleaning, Pivot Tables)

Analytics: EDA, Basic Statistics

PROJECTS

Electric Vehicle Cars – Comprehensive Analysis of Specifications, Battery Performance, Driving Range and Efficiency [project link](#)

Tools: Python, Pandas, NumPy, Matplotlib, Seaborn, Power BI

Cleaned and pre-processed EV data using Python and Pandas.

- Analysed relationships between battery capacity, motor power, vehicle weight, efficiency, driving conditions, and real-world range.
- Created visualizations using Matplotlib and Seaborn to identify patterns and relationships.
- Developed Power BI dashboards to present EV specifications, performance, and driving-range insights.

SQL Data Analysis Assignment E Learning [Project Link](#)

Tools: MySQL, SQL

- Wrote SQL queries using JOIN operations to combine learner, purchase, and course data.
- Used aggregate functions such as COUNT() and AVG() for data analysis.
- Applied GROUP BY and HAVING to generate grouped insights.
- Used RANK() and DENSE_RANK() window functions for analytical queries.

HR Employee Performance Analysis Dashboard [project Link](#)

Tools: Excel, Power Query, Power BI, DAX

- Cleaned and transformed HR employee data by handling missing values, duplicates, data types, and unwanted columns.
- Created Pivot Tables to analyse salary, performance, and attendance by department.
- Developed an interactive Power BI dashboard with KPI cards, charts, filters, slicers, and drill-down features.
- Created DAX measures and performance categories to analyse employee performance and attrition.

E-commerce Sales Analysis – Capstone Project [Project Link](#)

Tools: Microsoft Excel

- Cleaned and pre-processed e-commerce data by handling missing values and removing duplicates.

- Created Pivot Tables, charts, slicers, and reports to analyse sales performance.
- Generated insights from sales data to support data-driven decision-making.

EXPERIENCE

Funding Associate | Sundaram Finance Pvt Ltd

June 2018 – October 2019

Accounts & Administration Executive | SBM Jaytech International School

October 2014 – February 2017

EDUCATION

Bachelor of Arts (B.A.) – English Literature

Madurai Kamaraj University, Tamil Nadu

Completed 2017

LANGUAGES

Tamil | English
